

PETRONAS LUBRICANTS INTERNATIONAL PRESENTS RACE-WINNING TECHNOLOGY, PRODUCTS AND FUN ACTIVITIES AND JOB OPPORTUNITIES MONZA FAN ZONE

- Mercedes-AMG PETRONAS Motorsport F1 single-seater on display
- PETRONAS Syntium Hybrid range and the #SyntiumAndMe programme
- Virtual challenge to the podium like the great champions
- The Science Museum area to relive the highlights of the past
- Unique opportunity to become a PETRONAS Trackside Fluid Engineer

Santena (Turin, Italy) 4 September 2019 – PETRONAS, the title sponsor and technical partner to five-time FIA Formula One™ World Constructors' Champion, Mercedes-AMG PETRONAS once again welcomes visitors and enthusiasts to its booth at the Fan Zone of the Italian Formula One Grand Prix, at the Monza circuit from 5 to 8 September 2019.

Getting an up-close view of the Mercedes-AMG PETRONAS Formula 1 car, learning more about how PETRONAS Syntium protects the engine, testing your knowledge about PETRONAS fluid technology through virtual reality and interactive games, measuring your reflexes with a Batak Game and finally, trying out a Formula One™ race simulator to earn a place on the podium are just some activities available to the public at the PETRONAS Fan Zone.

There will also be a "Science Museum" presenting some of the main milestones of PETRONAS Syntium and its track-to-road technology, a story inextricably linked to PETRONAS' involvement in Formula One, and the benefits experienced by everyday drivers whose vehicles use high-performance lubricants tested by Formula One champions.

To underline this winning combination of track-and-road, and in commemoration of Mercedes-AMG PETRONAS' five consecutive victories in the FIA Formula One™ Constructors' World Championship, PETRONAS Lubricants International (PLI) has launched the #SyntiumAndMe programme running until December 31, 2019.

The special promotion is available for drivers who carry out oil change with PETRONAS Syntium in one of PETRONAS' network of workshops. Details of the contest are available on the Syntiumandme.com B2C website.

In addition, a section dedicated to HR and careers within PETRONAS Lubricants International is also available for the public to discover the various opportunities offered by the company. Among the most exciting is the chance for qualified candidates to apply to become a PETRONAS Trackside Fluid Engineer, a unique once-in-a-lifetime opportunity to be part of the team responsible for the fluid technology delivered to Mercedes-AMG PETRONAS Motorsport in Formula One. For details, go to the PETRONAS Lubricants International [Linkedin page](#).

The PETRONAS stand, located in the Monza Circuit Fan Zone, will be open to the public from Thursday, 5 September from 11.00am to 7.00pm, and from 8.00am to 6.00pm from Friday, 6 September to Sunday 8, September.

All updated information during the event will be available on the [pli.press platform](#).

– END –

About PETRONAS Lubricants International

PETRONAS Lubricants International (PLI) is the global lubricants manufacturing and marketing arm of PETRONAS, the national oil corporation of Malaysia. Established in 2008, PETRONAS Lubricants International manufactures and markets a full range of high-quality automotive and industrial lubricants products in over 90 markets globally. Headquartered in Kuala Lumpur, PLI has over 30 marketing offices in 26 countries, managed through regional offices in Kuala Lumpur, Turin, Belo Horizonte, Chicago and Durban.

Currently ranked among the world's Top 10, PLI is driving an aggressive business growth agenda to secure its position as a leading global lubricants company.
